## **Terms and Conditions**

1. The Hot Water Demand Recirculation System Rebate Program will be administered by the San Juan Water District.
2. The Demand Recirculation System must be demand-actuated, not timer-actuated, and must be purchased between July 1, 2009, and June 30, 2010. Demand-actuated systems provide both a water and an energy savings.
3. Systems should have approved safety code approvals from organizations such as UL or UPC with a satisfactory warranty. San Juan has worked with the Metlund D'MAND HWDS System. Although San Juan does not solely endorse Metlund or their product, Metlund has agreed to provide on-site, no cost workshops for SJWD customers and the general public.
4. To be eligible for consideration for participation in the program:
  - a. Property address where hot water demand system is installed must be located in the San Juan Water District retail service area.
  - b. Applicant must have a water account with the San Juan Water District.
5. San Juan Water District reserves the right to verify the purchase and installation location of any system for which a rebate is provided.
6. Applicants must agree to a free indoor water audit to be eligible for the rebate. Verification of system installation will be conducted at time of audit.
7. Rebate program is subject to available funding. Rebates will be distributed on a first-come, first-served basis until funding is depleted. Submission of an application does not guarantee a rebate.
8. Only one \$100 rebate will be given per household.
9. Rebate will be issued in the form of a bill credit.
10. Submit completed application form and your original sales receipt to:  
San Juan Water District  
9935 Auburn Folsom Road  
Granite Bay, CA 95746  
(916) 791-2663
