Terms and Conditions

1. The Hot Water Recirculation System Rebate Program will be administered by the San Juan Water District.
2. The Hot Water Recirculation System must be purchased between **July 1, 2026, and June 30, 2027.** Demand-actuated systems provide both water and an energy savings.
3. Tankless hot water heaters are not eligible for this rebate as the overall water savings is minimal, if at all.
4. Systems should have approved safety code approvals from organizations such as UL or UPC with a satisfactory warranty.
5. To be eligible for consideration for participation in the program:
 - a. Property address where hot water system is installed must be located in the San Juan Water District retail service area.
 - b. Applicant must be the property owner and have an active water account with the San Juan Water District.
6. San Juan Water District reserves the right to verify the purchase and installation location of any system for which a rebate is provided.
7. Rebate program is subject to available funding. Rebates will be distributed on a first-come, first-served basis until funding is depleted. Submission of an application does not guarantee a rebate.
8. Only one \$100 rebate will be given per household.
9. Rebate will be issued in the form of a bill credit.
