Position Description

Director of Finance

Status: FLSA Exempt, Confidential in Nature and Non-Safety Sensitive
Supervisor: General Manager
Effective Date: March 12, 2018

Supervision Received and Exercised

Receives administrative direction from the General Manager and exercises direct supervision over assigned supervisory, professional and technical personnel.

Primary Function

To plan, organize, direct and review the activities and operations of the Finance and Administrative Services Division and the Customer Service and Conservation Departments, which includes providing strategic direction and guidance for the District's Financial, Payroll, Human Resources, Risk Management and Purchasing functions; to coordinate assigned activities with other departments and outside agencies; and to provide highly responsible and complex administrative support to the General Manager.

Essential Duties - *Duties may include, but are not limited to, the following:*

- Develop, plan and implement Division goals and objectives; recommend and administer policies and procedures.
- Coordinate Division activities with those of other divisions, departments, and outside organizations; provide staff assistance to the General Manager; prepare and present staff reports and other necessary correspondence.
- Direct, oversee and participate in the development of the Division's work plan; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.
- Oversee the Division and administration of the District budget; direct the forecast of additional funds needed for staffing, equipment, materials and supplies; monitor and approve expenditures; implement adjustments; oversee the formulation and execution of the District budget.
- Oversee and review the general accounting and purchasing activities of the District including the maintenance of the general ledgers and related subsidiary records.
- Assume overall responsibility for the coordination of the District's annual financial statement audit.
- Prepare a variety of detailed accounting, financial analysis, statistical and narrative reports as required.
- Select, train, motivate and evaluate personnel; provide or coordinate staff training; conduct performance evaluations; implement discipline procedures; maintain discipline and high standards necessary for the efficient and professional operation of the Division.

- Provide leadership in the development and implementation of strategies, programs, policies, decisions, and other actions as they related to the administrative functions of the District.
- Safeguard the District's assets through the development and management of internal control systems as required by law or accounting standards.
- Advise General Manager on policy-level and technical aspects of assigned programs.
- Plan and administer long-range activities including the District's investment portfolio.
- Research and recommend employee benefit plans; negotiate rates with insurance carriers; address either personally or with the use of outside expertise, personnel related issues.
- Administer and monitor District's insurance programs including liability, property, workers' compensation, and fidelity coverage.
- Represent the District to outside groups and organizations; participate in outside community and professional groups and committees; provide technical assistance as necessary.
- Research, prepare and present technical and administrative reports and studies; prepare written correspondence.
- Build and maintain positive working relationships with co-workers, other District employees and the public using principles of good customer service.
- Perform related duties as assigned.

Minimum Qualifications

Knowledge, Skills and Ability Requirements:

- Principles and practices of general, enterprise, and governmental accounting including financial statement preparation and methods of financial control and reporting.
- Principles and practices of financial administration including budgeting and reporting.
- Principles, practices, laws and regulations governing the investment and management of public funds.
- Principles and practices of public sector human resources administration including recruitment, payroll, benefits, retirement and post-retirement health.
- Principles, practices and laws of purchasing, bidding, contracting and risk management.
- Principles and practices of leadership, motivation, team building and conflict resolution.
- Pertinent local, State and Federal laws, rules, and regulations.
- Organizational and management practices as applied to the analysis and evaluation of programs.
- Principles and practices of organization, administration and personnel management.
- Modern office procedures, methods and computer equipment including financial system implementation.
- On a continuous basis, analyze budget and technical reports; interpret and evaluate staff reports and related documents; know and interpret laws, regulations, codes and procedures; observe performance and evaluate staff; problem solve department related issues; and explain and interpret policy.
- On a continuous basis, sit at a desk and in meetings for long periods of time; intermittently twist to reach equipment surrounding desk; perform simple grasping and fine manipulation; use telephone; write or use a keyboard to communicate through written means.
- Analyze problems, identify alternative solutions, project consequences of proposed actions and implement recommendations in support of goals.
- Interpret and apply District, State and Federal policies, procedures, rules and regulations.

- Perform mathematical calculations and analyses and prepare clear and concise and comprehensive financial statements.
