

8015 Cobble Court
Granite Bay, CA 95746-9024

September 7, 2017

San Juan Water District
9935 Auburn Folsom Road
Granite Bay, CA 95746

Attn: Board Secretary

I would like to be considered to fill the vacant board of directors position. I am a registered voter and live within the wholesale water services area.

Here is a little information about my work and community experience.

Work:

- Retired U. S. Naval Officer.
- Program Manager for Northrop Grumman developing and implementing program management tools resulting in hundreds of millions of dollars of award fees.
- Software development and release manager for Lockheed-Martin Corporation on, at the time, the largest State of California IT project.
- Created processes for, and worked in, a Hewlett Packard data center relocation business unit.

Community involvement:

- Served twelve years on the South Placer Fire District Board of Directors as board president (five years) and member.
- Three time president (total of 6 years) of the Cobble Court Homeowner's Association.
- Various leadership positions in the St. Joseph Marelo Knights of Columbus (Catholic Fraternal organization) for the past 13 years.
- Active member, and past officer, of two local car clubs.

I am able to commit to the meeting schedule and appreciate being considered to fill this vacant position.

Best regards.
