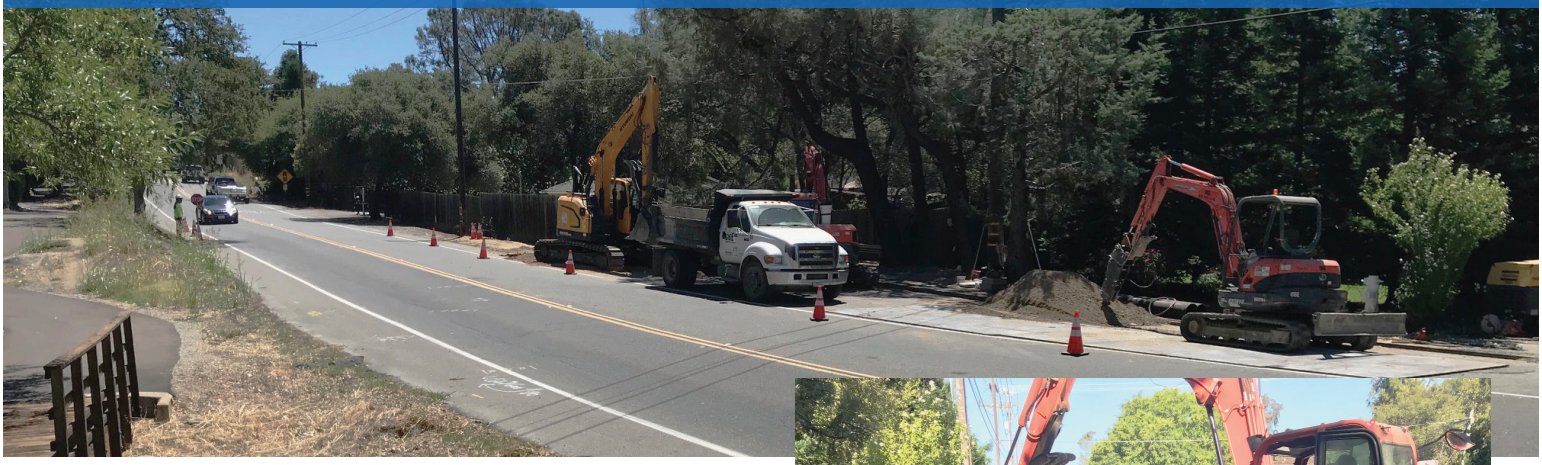
DOUGLAS BOULEVARD PIPELINE REPLACEMENT PROJECT

THE DETAILS: PHASE 2



ALL ABOUT PHASE 2

SCHEDULE

Phase 2 is anticipated to be constructed from July 9 through September 30, 2018.*

*Schedule subject to change.

ANTICIPATED CONSTRUCTION

Minor Impacts to Traffic and Access Driveways

Phase 2 consists of installation of pipe along the south side of Douglas Boulevard, from Oak Knoll Drive to Mooney Road. This phase involves trenching along the edge of the pavement, and will require periodic closures of the eastbound lane and associated traffic controls.

THE STATS

Installation of approximately 1,100 lineal feet of new 12-inch diameter ductile iron pipe.

The method of construction for Phase 2 of the overall project will rely on the traditional open trench excavation method.

PHASES 1, 3 & 4
