

San Juan Water District

Smart Irrigation Timer Rebate Program

July 1, 2023 through June 30, 2024

Applicant Information:

Applicant Name: _____

Service Address: _____

City, State, Zip: _____

San Juan Water District Account Number: _____

Phone: Home _____ Cell _____ Email: _____

- The following must be completed to receive a rebate:**
- ___ 1. Before you purchase, call San Juan Water District (SJWD) to verify funding is available.
 - ___ 2. Customer may purchase qualified smart irrigation timer equipment. (See 2023/24 Eligible Equipment Program List for eligible equipment).
 - ___ 3. Prior to installation, take a photo of current controller.
 - ___ 4. Submit **completed application, copy of itemized receipt showing proof of payment, photo of old controller and photo of newly installed controller** online. Contractor invoices must include contractor purchase price, as District will only rebate contractor actual cost of equipment (no markups).
 - ___ 5. 50% of the cost of eligible equipment will be considered for rebate up to the maximum allowed and will be issued in the form of an account credit.

I have read, understand, and agree to the terms and conditions of the District's Smart Irrigation Timer Rebate Program.

Terms and Conditions

1. The Smart Irrigation Timer Rebate Program will be administered by the San Juan Water District.
2. All eligible equipment must be purchased and installed between **July 1, 2023 and June 30, 2024**.
3. Eligibility
 - a. Property address where equipment is installed must be located within the San Juan Water District retail service area.
 - b. Applicant must have an active water account with the San Juan Water District.
 - c. Applicant must have an existing underground irrigation system with an operable automatic controller.
 - d. Existing controllers that can be upgraded to be a weather based system do not qualify. Only controllers that cannot be upgraded to a weather based system qualify for the rebate.
 - e. Rain and/or weather sensing devices that can be added to an existing controller qualify for a rebate.
 - f. If applicant resides in an HOA and landscape is maintained by the HOA, a letter of approval to participate is required from the HOA.
4. Eligible Equipment:

Smart irrigation controllers and weather and/or rain sensing equipment reflected on the eligible program equipment list qualify. A smart irrigation controller is weather based and automatically adjusts irrigation in response to changes in plants' needs as weather conditions change. Smart irrigation controllers that do not have integral rain sensors or communication systems that account for local rainfall shall have a separate wired or wireless rain sensor which connects or communicates with the controller.
5. Irrigation systems must be equipped with a pressure regulator and filter for drip irrigation systems.
6. **Receipts are required and must include date purchased, itemized description of equipment purchased, and cost of each item purchased. Contractor invoices must include their original equipment purchase from a retail store** (see attached examples).
7. SJWD will provide reimbursement of 50% of total equipment cost with corresponding receipts (labor is not included), up to a maximum of \$500 per residential site and \$1,500 per commercial site. **The rebate amount will be issued in the form of an account credit.**
8. Customers who have previously participated in the rebate program and have received the maximum reimbursement, may again participate in the program if 5 years has passed since the last reimbursement had been received.
9. Installed equipment must remain in compliance with all terms and conditions for a period of 5 years following the receipt of the rebate.
10. Applicant agrees to hold San Juan Water District harmless from any and all liability or claims for damage resulting from or alleged to result from (a) the installation of the irrigation parts or equipment, (b) the inspection of the premises to verify proper installation, (c) controller or irrigation system malfunctions, (d) changes in Applicant's water use, (e) damage to landscape as a result of landscapes adjusting to changes in watering schedules, and (f) any other activity related to this program.
11. SJWD reserves the right to verify the purchase and installation location of any system for which a rebate is requested.
12. Rebate program is subject to available funding. Rebates will be distributed on a first-come, first-served basis until funding is depleted. Submission of an application does not guarantee a rebate.
13. SJWD reserves the right to modify or cancel the program at any time.
