

## HELPING YOU WITH WATER EFFICIENCY

Ken, Water Conservation >

### YOU'RE INVITED TO OUR FREE WATER UTILITY OPEN HOUSE AND CUSTOMER APPRECIATION DAY! FUN FOR FAMILIES AND MORE.

# OPEN HOUSE

2018 CUSTOMER APPRECIATION DAY

It's free! It's fun! In addition to educational, interactive activities, there will be staff from six water agencies to provide tips and answer questions to help you and your family be more water efficient.

Moisture meters, hose spray nozzles and more will be provided to those who want them. While supplies last, so come early!

**When:** Saturday, October 6 from 11 a.m. to 3 p.m.

**Where:** San Juan Water District  
9935 Auburn Folsom Road, Granite Bay

**Contact:** Teri Grant, (916) 791-6905

This is a partnership event with Citrus Heights Water District, Fair Oaks Water District, City of Folsom, Orange Vale Water Company and Sacramento Suburban Water District.

**Participate** in mini water efficiency and water operation workshops.

**Enjoy** fun activities with your kids.

**Receive** free giveaways and enjoy refreshments.

**Talk** one-on-one with water agency staff about all things water. Learn about water efficiency, water treatment, water distribution, and capital projects.

**Learn** about water industry careers.

**Tour** the Water Efficient Landscape Garden and learn about plants and plant care.

## WATER TRANSFERS BENEFIT REGION

Two of San Juan's wholesale customer agencies — Fair Oaks Water District and Citrus Heights Water District — increased groundwater production to offset surface water supply they would have received from San Juan. This surface water is being sold to agencies in the San Joaquin Valley. The revenue from the water transfer covers all associated costs. In addition, net revenues generated by the sale will help reduce future rate increases for major infrastructure improvements.

Other agencies in the region who are also providing water transfers include the City of Sacramento and the Carmichael and Sacramento Suburban water districts. The availability and cost of water supplies for San Juan's retail area customers or customers in Citrus Heights, Fair Oaks, Folsom or Orangevale are not negatively impacted by the transfer.

More information can be found at [sjwd.org/san-juan-2018-water-transfer](http://sjwd.org/san-juan-2018-water-transfer).

## SAVING MILLIONS\$!

San Juan is always working to save ratepayer dollars and ensure long-term financial stability. For example, San Juan's Board of Directors has approved refinancing bonds originally issued in 2009 which will save the wholesale enterprise about \$11.2 million over the next 20 years. In addition, the Board approved amendments to long-term wholesale contracts that will provide approximately \$4 million more in savings over the next 10 years.

# YOUR WATER RATES AT WORK: PIPELINES, PUMP STATIONS & RESERVOIR IMPROVEMENTS

San Juan works to improve and replace infrastructure through its Capital Improvement Program. These are just a few of the major CIP projects planned for 2018/19. The CIP program helps ensure you continue to receive high quality, reliable water 24/7/365 without interruption.
