

## WHAT YOU NEED TO KNOW ABOUT THIS YEAR'S DRY CONDITIONS

### Be Efficient

2021 is one of the driest years on record and storage levels in Folsom Reservoir are low. We all need to do our part to make sure we use water as efficiently as possible as we head into the hotter months of the summer.

Because outdoor irrigation is the biggest water user around our homes, we ask that you water no more than three days per week. We will also be notifying customers if they have excessive irrigation runoff and providing information on how to reduce or prevent the runoff. We have increased funding for the smart irrigation control rebate program. If you haven't already purchased a weather based timer, it is a good time to do so.

## WATER SHUTOFF DATE EXTENSION

On June 14, 2021, the Governor issued an executive order extending the prohibition on discontinuing water service until September 30, 2021. When the order expires, the District will resume water service disconnections for nonpayment. More information on this to follow.

## REBATES TO HELP YOU SAVE WATER

The Rachio Smart Timer Rebate program has been extended for an additional two years. Installing one will help you be even more water efficient. If you missed out on purchasing one, you can still buy one at \$75 (that's 65 percent of the original price). Order one today at [rwa.rachio.com](http://rwa.rachio.com).

## IMPORTANT DOCUMENTS IN ONE PLACE

It is our goal to provide easy-to-access information about our finances, district operations and governance. We created a transparency hub on our website where you can find all this information and more. Our staff is always available to answer questions. Give us a call Monday through Friday from 8:30 a.m.–5 p.m. at 916-791-0115.

To stay in the loop year round, regularly check [sjwd.org/district-transparency](http://sjwd.org/district-transparency).
