

## San Juan Water District REQUEST FOR PROPOSALS

The San Juan Water District (District), located at 9935 Auburn Folsom Road Granite Bay, California, 95746 is requesting proposals from qualified firms to provide construction management and inspection services for the Water Treatment Plant Filter Backwash Hood Facilities Rehabilitation Project (Project).

In general, the nature of the work involves the rehabilitation of the District's Water Treatment Plant's northwest and southwest filter backwash hood facilities including, but not limited to, the pump houses, backwash hoods, decks, crane bridges, bridge track systems, bridge drive systems, pumps, piping, valves, hydraulic system, coating, electrical instrumentation, disinfection, and start-up and testing. The work will be phased over two season (2024/2025 and 2025/2026), each between December 1 to May 1, in which one filter backwash hood facility will be rehabilitated in each season and be fully operational for use by District by May 1 of the that same season. The work is located at the District's Water Treatment Plant, located at 9935 Auburn Folsom Road, Granite Bay, CA.

The purpose of the current scope of services is to have a Consultant provide construction management and inspection services during the construction of the Project.

Request for Proposal (RFP) packets may be obtained from the <http://www.publicpurchase.com>. The RFP packet may also be examined at the District's office, with prior notice to the District's representative (Mark Hargrove, [mhargrove@sjwd.org](mailto:mhargrove@sjwd.org), (916) 791-6951, located at 9935 Auburn Folsom Road, Granite Bay, California). Hard copies will not be provided to prospective firms.

All proposals must be received by 2:00 p.m. on Thursday, September 26, 2024. The District will hold a **mandatory pre-proposal meeting** at the District's office at 1:00 p.m. on Wednesday, September 11, 2024. There will be a site tour immediately following the meeting. Please wear closed toe shoes. Firms are limited to two attendees at the meeting.

Interested firms should submit their technical and cost proposal(s) in Adobe Acrobat (.pdf, unlocked and printable) format by e-mail to the District's representative. Firms shall refer to RFP packet for additional instructions and conditions.

Dated this 3<sup>rd</sup> day of September 2024
